Your choices about online ads

We support the self-regulatory principles for online advertising (“Principles”) published by the Digital Advertising Alliance (“DAA”). This means that we allow you to exercise your choice regarding the collection of information about your online activities over time and across third-party websites for online interest-based advertising purposes. More information about these Principles can be found at www.aboutads.info. If you want to opt out of receiving online interest-based advertisements on your internet browser from advertisers and third parties that participate in the DAA program and perform advertising-related services for us and our partners, please follow the instructions at www.aboutads.info/choices, or <http://www.networkadvertising.org/choices/> to place an opt-out cookie on your device indicating that you do not want to receive interest-based advertisements. Opt-out cookies only work on the specific internet browser and device that they are downloaded onto. If you want to opt out of interest-based advertisements across all your browsers and devices, you will need to opt out on each browser on each device you actively use. If you delete cookies on your device generally, you will need to set the opt-out cookie again on that device. If you want to opt out of receiving online interest-based advertisements on mobile applications, please follow the instructions at <http://www.aboutads.info/appchoices>.

Please note that when you opt out of receiving interest-based advertisements, this does not mean you will no longer see advertisements from us or on our online services. It means that the online ads that you do see from DAA program participants should not be based on your interests. We are not responsible for the effectiveness of, or compliance with, any third-parties’ opt-out options or programs or the accuracy of their statements regarding their programs. In addition, third parties may still use cookies to collect information about your use of our online services, including for analytics and fraud prevention as well as any other purpose permitted under the DAA’s Principles.

We may use, and we may allow third-party service providers and other third parties to use, cookies or other technologies on our Services that collect information about your browsing activities over time and across different websites following your use of the Services. Do Not Track (“DNT”) is an optional browser setting that allows you to express your preferences regarding tracking across websites. We currently do not respond to DNT signals. We may continue to collect information in the manner described in this Privacy Statement from web browsers that have enabled DNT signals or similar mechanisms.

8. Your rights and choices

This Privacy Statement only applies to information collected when visiting our Websites or otherwise using our Services. While visiting our Websites or using the Services, you may be directed through links to third-party websites or services that are not operated or controlled by us. For example, the websites of our Merchants or business partners that provide services as part of this Statement. We are not responsible for the privacy practices and policies of these third parties. As a result, we encourage you to review the privacy policies of these third-party websites as their practices may differ from ours.

11. Children

Our Services are not targeted or directed at children under the age of 13, and we do not intend to, or knowingly, collect or solicit personal information from children under the age of 13. If you have reason to believe that a child under the age of 13 has provided personal information to us, we encourage the child's parent or guardian to contact us as described in the "How to Contact Us" section of this Statement to request that we remove the information from our systems. C. Description of rights available to Consumers

A number of individual rights are available to individuals under the CCPA relating to personal information that we have collected (subject to certain limitations at law), including:

- The right of access: you have the right to request that an in-scope business that collects personal information from you, disclose the following in relation to the preceding 12 month period, upon verification of your identity: (i) the categories of personal information collected about you, (ii) the categories of sources where the personal information was collected, (iii) the business or commercial purposes for collecting (or where applicable, selling) the personal information, (iv) the categories of personal information that we have disclosed to third parties for a business purpose along with the corresponding recipients, (v) the categories of personal information we have sold along with the corresponding recipients, and (vi) the specific pieces of personal information collected about you.
- The right of deletion: you have the right to request that an in-scope business delete personal information that it has collected from you, subject to certain exceptions.
- The right to opt out of personal information sales: you have the right to request that an in-scope business refrain from selling personal information it has collected about you to third parties now or in the future. If you are under the age of 16, you have the right to opt in, or to have a parent or guardian opt in on your behalf, to such sales.
- The right against discrimination: you have the right to not be discriminated against as a result of exercising any of the above rights.

However, please note that if the exercise of these rights limits our ability to process personal information (such as in the case of a deletion request), we may no longer be able to provide you with our Services or engage with you in the same manner.

Please note that your ability to invoke the rights above are limited pursuant to the scope and limitations of the CCPA, including any available exceptions. For example, an access request can only be made twice by a Consumer within a 12-month period.

D. How to invoke your rights

Toast has established an individual rights portal for the purposes of submitting the individual rights requests above, including the right of access and deletion. The link to Toast's individual rights portal can be found [here](#). Individual rights requests can also be submitted to Toast through the below channels:

- By email: privacy@toasttab.com
- By post: Attn: Toast Privacy Office
Toast, Inc.
401 Park Drive, Suite 801 Boston, MA 02215
- By phone (toll-free): (866) 226-4484

Once an individual rights request has been submitted, Toast may ask you for additional information in order to verify your identity or to provide additional details to help us respond to your request. This may include your name, email address, phone number or other details related to your use of Toast's Services. Where applicable, these requests can be submitted by an authorized agent through the channels described above in accordance with the applicable law. Please note that in certain circumstances, we may refuse to act or impose limitations on your rights, as permitted by the applicable law.

As noted above, we do not "sell" personal information as traditionally defined, but certain third-party advertising practices may be interpreted to constitute a "sale" under the CCPA. In these instances, the right to opt out of the sale of personal information can be invoked through our cookie management tool that can be accessed by clicking on our "Do not sell my personal information" link at the bottom of <https://pos.toasttab.com>. Although Toast does not currently engage in other practices at this time that may constitute a "sale" beyond these instances and the methods above are the most effective methods to manage your preferences, you may also submit your right to opt out of any sales by clicking [here](#) or in instances where you would like additional support. You do not need to create an account with us to exercise your right to opt out of personal information sales. However, if applicable, we may ask you to provide additional personal information so that we can properly identify you in our dataset and to track compliance with your opt out request. We will only use personal information provided in an opt out request to review and comply with the request. If you choose not to provide this information, we may only be able to process your request to the extent we are able to identify you in our systems. Once you make an opt-out request, you may change your mind and opt back in to future personal information sales at any time by contacting us at privacy@toasttab.com or by managing your preferences within the cookie management tool.

E. Updates to this Statement

We will update this Statement from time to time. When we make changes to this Statement, we will change the "Last updated" date at the beginning of this Statement. All changes shall be effective from the date of publication unless otherwise provided in the notification.

2. California "Shine the Light" disclosure

California residents that have an established business relationship with us have a right to know how their information is disclosed to third parties for their direct marketing purposes under California's "Shine the Light" law (Civ. Code § 1798.83). Please contact us through any of the communication channels within the "How to contact us" section in the main body of this Statement to invoke these rights.

Addendum C – Ireland

Last updated: October 12, 2021

The provisions below supplement the information provided in the generally applicable portion of our Privacy Statement and apply solely to individuals that are residents of Ireland or are otherwise afforded rights pursuant to the General Data Protection Regulation (“GDPR”) and local implementing legislation. To the extent that there is a conflict between the provisions of this Addendum C and the provisions of the main body of the Privacy Statement, the provisions of this Addendum C shall prevail.

A. Data controller(s)

The “data controller” within the meaning of the GDPR is the legal person responsible for the processing and which decides alone or in cooperation with others which personal information (which includes Personal Data as defined under the GDPR) is being collected as well as the purposes and the technical and organizational means with regard to the processing of that personal information.

For the purposes of the processing pursuant to this Statement, the joint data controllers will include:

- Toasttab Ireland Limited (“Toast Ireland”)
34-37 Clarendon Street
Dublin 2
Ireland
D02 DE61
- Toast, Inc. (“Toast US”)
401 Park Drive, Suite 801
Boston, MA 02215
United States of America

Toast US is primarily responsible for ensuring that personal information is collected and processed pursuant to the applicable law. These obligations include (a) the implementation of appropriate data protection policies, (b) the management and notification of security incidents involving personal information, (c) the completion of data protection impact assessments (where appropriate) and (d) the implementation of appropriate technical and organizational security measures. Toast US is also responsible for managing any requests that you may make to exercise your rights under the GDPR or other applicable data protection legislation, on behalf of both Toast Ireland and Toast US.

Toast Ireland is responsible for managing aspects of the processing that are within its control as part of the joint controller relationship. This includes support and management pertaining to the provision of the Services, obtaining consents from data subjects (where applicable) as well as support with providing notice to data subjects. Where Toast Ireland receives a data subject request under the GDPR, Toast Ireland will promptly notify Toast US of the request.

As a data controller, we are free to rely on “data processors” (as defined within the GDPR) and have engaged various third-party service providers in order to provide the Services as well as for other purposes described in the main body of the Privacy Statement. For more information, see the “How we share information” section of the Privacy Statement.

Toast Ireland and Toast US also act as processors on behalf of our Merchants Employees in connection with certain aspects of our Services. The Merchant is the data controller in respect of this relationship.

B. Legal basis for processing

We collect and process your personal information based on the following legal bases:

- in order for us to perform our contract with you, as described in the main body of the Privacy Statement;

- for the purposes of complying with legal obligations or in connection with related claims;
- in order to pursue our legitimate interests of effectively managing our business operations and improving our products and services in accordance with (Art. 6(1)(f) GDPR); and
- if applicable, with your consent.

We will only use and process your personal information in accordance with the GDPR, any Irish implementing legislation and any replacement legislation governing the processing of personal information. Please see the “How we use personal information” section in the main body of the Privacy Statement for more information on our purposes of processing.

If you fail to provide certain information when requested, we may not be able to perform the contract we have entered into with you (such as providing Services), or we may be prevented from complying with our legal obligations.

C. International transfers

We may transfer the personal information we collect about you for the purposes described in this Privacy Statement to countries that have not been found to provide an adequate level of data protection by the European Commission. In particular, we may transfer your personal information to the United States. As an individual located in Ireland, a transfer of your personal information outside the European Economic Area (EEA) can be made to countries that the European Commission has found to provide an adequate level of data protection, or, if that is not the case, to a non-adequate country to the extent that Toast has made the necessary contractual arrangements, taking into account the standard provisions as imposed by the European Commission, to ensure that your personal information receives an adequate level of data protection in that country.

We use appropriate safeguards for the transfer of personal information among our affiliates in various jurisdictions, and where required, we have implemented the European Commission controller-to-controller and controller-to-processor standard contractual clauses, or other legally recognized safeguards, for data transfer purposes. To obtain a copy of these clauses or additional information on transfers, please send a request to privacy@toasttab.com.

D. Sensitive personal information

Toast may collect sensitive personal information as part of the provision of certain Services described in the main body of this Privacy Statement where required under the applicable law or pursuant to local requirements. Where permitted under the applicable law, we may also collect sensitive personal information if you elect to provide it to Toast.

E. Choice and access

You have additional rights regarding how your personal information is processed, including the right to:

- request access to and obtain a copy of your personal information;
- request the transfer of your personal information you have provided to us to you or another company in a structured, commonly used and machine-readable format;
- request rectification of your personal information when it is inaccurate or incomplete;
- request erasure of your personal information where permitted under the applicable law, such as where the information is no longer necessary or lawful for us to store or where your information is outdated;
- restrict or object to the processing of your personal information (as applicable); and
- withdraw your consent at any time where this is the legal basis on which we are processing your personal information.

Please note that if you choose to withdraw your consent, you may not be able to participate in or benefit from the programs, services and initiatives for which you provided consent to the processing of your personal information. Your rights will in each case be subject to the restrictions set out in applicable data protection laws.

You may exercise these rights free of charge by submitting your request [here](#) or to privacy@toasttab.com. Subject to the applicable law, Toast may charge a reasonable fee or refuse to act on a request if it is manifestly unfounded or excessive, in particular because of its repetitive character. In some situations, Toast may refuse to act or impose limitations on the information disclosed if, for instance, the disclosure is likely to adversely affect the rights and freedoms of others, prejudice the execution or enforcement of the law or interfere with pending or future litigation.

You also have the right to lodge a complaint about our processing of your personal information with the Irish Data Protection Commission as defined in Section G below.
